

A decorative border of colorful abstract shapes, including circles, triangles, and irregular polygons in shades of teal, orange, blue, green, and yellow, surrounds the text.

# Guess the Word!

Jedná se o verzi klasické edukační hry pro dva hráče, která trénuje logické uvažování a v tomto případě i hláskování (spelling). Cílem hry je za pomoci otázek (kartiček) zjistit, jaké slovo si protihráč zvolil.

Hrací pole můžete pouze vytisknout a dát žákům v nerozstříhaném tvaru, do kterého si zapisují. Případně můžete kartičky vystříhat, zalaminovat a hrát na poli klasické hry Guess Who?

**Těžší verze** - žáci si sami vymýšlejí otázky, ptají se, zda se jedná o sloveso či podstatné jméno, jestli slovo obsahuje písmeno E, ...

**Lehčí verze** - žáci mají seznam otázek, na které se mohou ptát a podle kterých mohou vytvářet další otázky.

## Directions:

1. Each player selects a word card.
2. Take turns asking questions about each other's words.
3. Eliminate words based on answers.
4. Guess the word of the other player.
